EDUCATION

- University of Southern California**, Los Angeles, CA Aug 2026 - Present
- M.S. in Integrated Design, Business and Technology
- University of California, Irvine**, Irvine, CA Sep 2021 - Mar 2026
- B.S. in Informatics, Specialization in Human-Computer Interaction. GPA: 3.637/4.00. Dean's Honor List (4 quarters)
- Irvine Valley College**, Irvine, CA 2019 - 2021
- A.A. in Computer Science, magna cum laude

PROJECTS

- Sleep and Wellness with Belkin** (USC), UX Researcher Fall 2026 - Present
- Working with a team of four and Belkin to design a travel-friendly product that helps frequent travelers sleep well away from home.
 - Defined the target user, mapped the evening wind-down journey, and proposed the Scent Speaker, a compact bedside speaker with a built-in scent diffuser.
- Compassionate AI Across Cultures** (USC), with Compassion AI Fall 2026 - Present
- Researching how generative AI can respond with cultural context and compassion instead of defaulting to dominant Western perspectives.
 - Synthesized findings into three trends: cultural context, personalization, and continued human judgment.
- Shoppyst** (web extension), UI/UX Designer Sep 2025 - Mar 2026
- Collaborated on a web extension that shows brands' political and social alignment scores and suggests higher-aligned alternatives while shopping online.
 - Designed and iterated UI/UX flows, including the Stay/Go interaction model, score visualization, alternative recommendations, onboarding, and light/dark modes.
 - Improved accessibility and transparency with color contrast testing, clearer labels, multimodal score indicators, and user-facing explanations of scoring and data practices. In a survey of 20+ online shoppers, 95.2% said they would use it.
- Positivity Perks** (UCI team project) Jan 2023 - Mar 2023
- Designed a system that rewards positive communication in ranked online games, answering: how might we design healthy, inclusive digital spaces where people thrive?
 - Applied user research, Miro-based affinity diagramming, thematic analysis, and think-aloud testing.
 - Earned 2nd place in a competitive showcase sponsored by Riot Games, IDEO, Fair Play Alliance, and other industry leaders.

WORK EXPERIENCE

- Independent Property Manager & Owner**, Haeundae, South Korea Jan 2025 - Present
- Manage a commercial property in Haeundae leased by Tae Hwang Construction.
 - Conduct tenant meetings to gather feedback and find ways to improve spatial usability and business operations, building insight into tenant experience and service design.
- Chaplain Assistant & Rifleman**, 11th Maneuver Division, Yang-Pyeong, South Korea Aug 2023 - Jan 2025
- Completed mandatory military service, supporting religious services and unit morale while fulfilling combat readiness duties.
 - Developed teamwork, leadership, and rapid decision-making under pressure.
- Remote Teacher Assistant**, Veritas Academy, Irvine, CA Aug 2020 - May 2021
- Redesigned subject-specific syllabi with a user-centered approach for clarity and consistency for students and instructors.
 - Built an interactive scheduling calendar for each classroom in C++ and Python, applying UI/UX principles to optimize usability.

SKILLS

Design: UI/UX design, user research, wireframing and prototyping, design thinking and UX strategy, Figma, Sketch, Adobe Illustrator, Miro

Development: JavaScript, Python, Java, C++

Other: Project management, critical thinking
